## Roundtable Meeting

**German Energiewende - Lessons for India’s Solar Rooftop Programme**

February 14, 2015
Centre for Science and Environment
India Habitat Centre, Core 6A, 4th Floor, Lodhi Road, New Delhi

### About the event

Germany has made remarkable progress in deployment of renewable energy. This energy transformation or ‘Energiewende’ from fossil fuel to renewable energy is attributed to German policies with particular focus on feed-in tariffs. It has encouraged solar rooftop installations and as of Dec 2013, Germany had an installed capacity of 8.7 gigawatts (GW) of solar rooftop. India, on the other hand is embarking on the solar rooftop path on a large scale. The meeting is to learn from German experience and set the renewable energy development in India on the right path.

### Registration & Tea
10:30 AM to 11:00 AM

### Introductory Session

**Opening remarks**
Sunita Narain, Director General, Centre for Science and Environment (CSE)
11:00 AM to 11:10 AM

**Present status of the “Energiewende”**
Uwe Beckmeyer, Parliamentary State Secretary, German Federal Ministry for Economic Affairs and Energy
11:10 AM to 11:25 AM

### Thematic Presentations

**Chair: Sunita Narain**
