

**AAETI**

**TRAINING AND CAPACITY BUILDING?
OF COURSE!**

BUT WHAT ELSE DO WE OFFER TO MAKE YOUR STAY WITH US MEMORABLE?

CHECK OUT THE AAETI EXTRAS

THE ARAVALLI EXPERIENCE

They have been around for 670 million years. Almost forever. The oldest mountain ranges in India, and one of the oldest in the world. At AAETI, you are where they begin. The majestic Aravallis. We can take you on an early morning, one-hour guided trek on the mountains that nestle our campus. All you need is a pair of sturdy walking shoes and a taste for the wilds.

STARGAZING ON CAMPUS

If the sky and its stars is what engrosses you, you are bang on the spot! The skies over AAETI, on clear nights, offer a spectacular sight. For those who are new to this, simply download one of these apps – SkyView or Stellarium – and get hooked!

BIRDWATCHING ON CAMPUS

AAETI is a haven for birds of all feathers – check out some of our local denizens on our display posters in the cafeteria. Interested in birdwatching? Download the Merlin app (those who have not done so yet) on your phone; it allows you to identify our feathered and winged friends through their calls.

FOR HEALTH AND SPORTS ENTHUSIASTS

For those interested and driven enough, we have adequately furnished INDOOR and OUTDOOR gyms. You can also gather together for a hand of chess or carom, futsal or table tennis in our game room in the cafeteria building, or step out for a strike at volleyball or badminton in the lawns outside. We also have a yoga and zumba corner where you can tone up the body with an online instructor (timings apply). And of course, you can simply walk!

CAMPUS TOURS

We are, justifiably enough, proud of AAETI and all that it has to offer. The sustainable practices and principles followed here can be the subject of a truly engaging tour, guided by the campus director or one of our colleagues from our 'green' buildings team. Most of these practices and principles are replicable, in case you wish to apply them in your homes and workplaces when you go back.
