TWO-PART WEBINAR SERIES ON

‘TOWARDS WATER SENSITIVE CITIES - EXPERIENCE OF APPROACH AND PRACTICES IN AUSTRALIA AND INDIA’

Dates: 18th November, 2020 | 25th November, 2020
Time: 10.00-12 Noon (IST) / 6.30-8.30AM (CEST) / 3.30-5:30PM (AEDT)
Language: English

About the Webinar Series
Centre for Science and Environment (CSE) – School of Water and Waste (SWW), India in partnership with Cooperative Research Centre on Water Sensitive Cities (CRCWSC) and Alluvium Consulting, Australia are organising a two-part webinar series on “Towards Water Sensitive Cities - Experience of Approach and Practices in Australia and India”.

The webinar series is aimed to sensitive practitioners and advocate for the planning and designing of water-sensitive cities in India, and disseminate the experiences of water-sensitive cities in Australia and India. It will cover the latest WSUDP and Water Sensitive Cities tools, techniques and approaches, and exemplar projects and programmes from Australia and India.

Webinar 1
Towards Water Sensitive Cities in Australia and India

WEBINAR 2: CASE STUDIES ON “WATER SENSITIVE CITIES” PRACTICES FROM AUSTRALIA AND INDIA

Date: 25th Nov., 2020 | Time: 10.00-12 Noon (IST) / 6.30-8.30AM (CEST) / 3.30-5.30PM (AEDT)

Objectives

- To envision a water sensitive city approach through exemplar practices that have been implemented in Australia and India spanning different scales
- To strengthen the understanding and build interest in the application of water sensitive principles, approaches and techniques to urban water challenges in India
- To discuss opportunities in existing urban areas and new developments (greenfield and brownfield context)
