ONLINE TRAINING PROGRAMME

BIOMEDICAL WASTE MANAGEMENT IN INDIA

COURSE DATES

January 15-January 22, 2021

LAST DATE FOR APPLYING

January 10, 2021

COURSE DURATION

One week (10 hours)

MEDIUM OF INSTRUCTION

English

REGISTRATIONS FORM https://docs.google.com/forms/d/1MgNodQMzVFIH1RVM6TnZapU_NKc-9q-AlbqUiiGYBRw/edit

COURSE FEES Rs 2,000 per participant | **COURSE TYPE** Online (self-paced)

Biomedical waste management is a tricky business; it has become even more so in the COVID-19 times.

Not only has the quantity of biomedical waste produced in hospitals and other healthcare facilities increased, but with large numbers of people being quarantined at home, infectious waste has to be collected and processed from residential set-ups as well.

Centre for Science and Environment (CSE) has been working for some time on policy and advocacy for biomedical waste management. It recognises the need to adopt a responsible biomedical waste management regime.

CSE has conceptualised a one-week online training programme on “Biomedical Waste Management in India”, with the objective of providing a better understanding of the key aspects of managing this waste, the legal concerns that govern it, and best practices.

The mode of training will be online (self-paced) with a mix of interactive sessions, imparted through on-demand literature, virtual presentations and case studies. Assessment exercises and group discussions on the modules will be provided/facilitated to help in self-assessment of the participants.

COURSE HIGHLIGHTS

- ◆ Status of Biomedical Waste Management in India
- ◆ Major provisions of the Biomedical Waste Management Rules, 2016
- ◆ Problems and challenges around Biomedical Waste Management
- ◆ Closing the ‘Disposal Cycle’
- ◆ General waste management at healthcare facilities
- ◆ Agenda for biomedical waste with reference to Covid-19

WHO CAN APPLY

Waste management practitioners, officials from central and state urban departments and municipalities, urban and town planners, academicians, students, and NGO representatives.

**Best performing
participants will
be invited to
AAETI for level
II course on Full
Scholarship**
