ADVANCED TRAINING OF TRAINERS COURSE

Date: Mar 11th -16th, 2019

Venue

Anil Agarwal Environment Training
Institute (AAETI),
Nimli, Rajasthan

Environment Monitoring Lab (EML) invites FSSM
professionals and researchers to its
Advanced Training-of-Trainers course

About the Training

Faecal Sludge and Septage Management (FSSM) is a developing field with continual developments and improvements happening in research methodologies. This course focuses on some of the most recent advances, research methods that have emerged in this space. This training is a part of the CSE and Bill Melinda Gates Foundation collaboration on FSSM in India. Experts from University of KwaZulu-Natal (South Africa), PSG Coimbatore, Georgia Tech (USA) shall be part of this unique training exercise. This program is meant to give a very focused and intensive hands-on training experience for FSSM professionals and researchers

Aim

Capacity Building in new research methods, advances in FSSM science for various stakeholders

Objectives

- Focused hands-on-training on Helminth Characterization and Testing using state-of-the-art equipment.
- Develop knowhow on alternate uses of Faecal Sludge, complete testing protocol for calorific value on state-of-the-art advanced bomb calorimeter
- Develop understanding about advanced Lab statistics and analysis to handle environmental data

Apply Now

Register soon, visit www.cseindia.org and see for the Announcements section

COURSE FEE: Full Scholarship provided by CSE

BOARDING, LODGING: Scholarship covers the cost of stay, including the meals. The arrangements in place shall be from evening of Sunday (March 10th) till the afternoon of Saturday (March 16th). Participants should plan their travel accordingly.

TRANSPORTATION: Participants shall only be provided ground transport for Delhi-AAETI-Delhi. All other travel expenditure to be borne by them

Full scholarships available in limited numbers. Trainees from previous ToTs shall be given priority for scholarships. Only the selected candidates would be informed and the selection decision of EML shall be final.
