

GREEN SCHOOLS PROGRAMME

**GSP Audit 2025: The What,
Why and How**

WHAT is GSP Audit?

A tool to assess the extent to which a school is observing sustainable 'green' practices

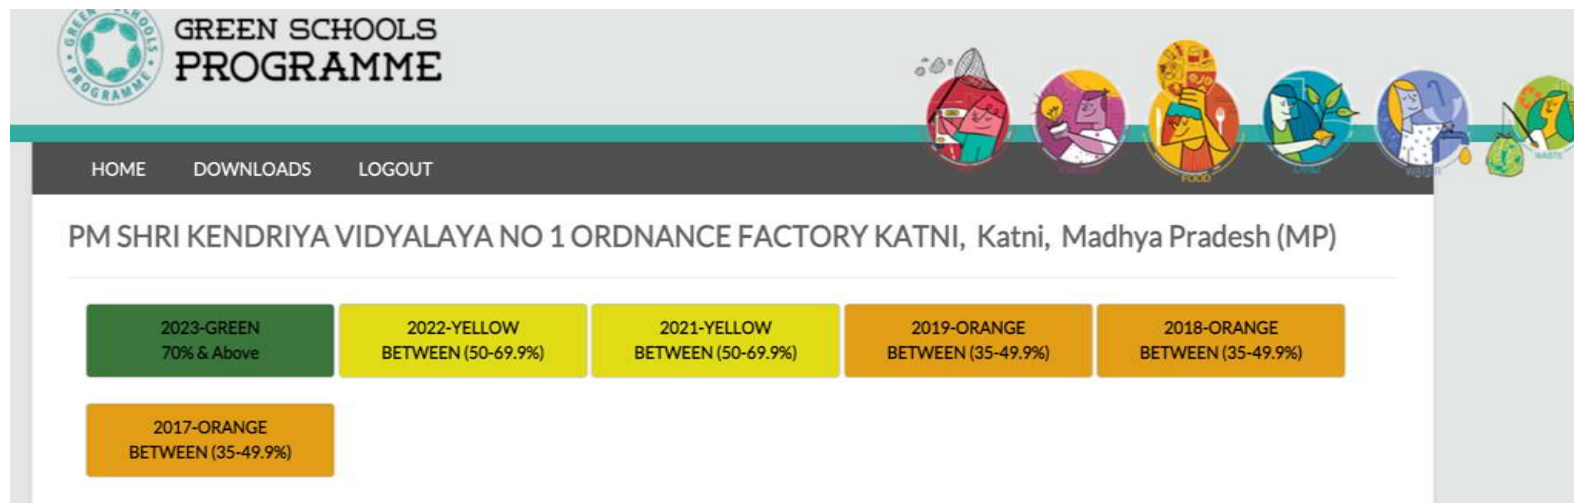

WHY GSP Audit?

- A tool for schools to **benchmark** resource consumption
- Makes positive environmental change '**measurable**'
- **Year-on-year** assessment of improvement and impact
- Engages students in **hands-on** activities to build knowledge
- Equips teachers to foster **environmental literacy**
- Helps school management with **efficient utilisation** of resources

What's in it for a school?

- **Sustainability rating** on a four-point scale
- **Personalised feedback**, user dashboard, reports and certificates
- Annual **awards** ceremony to felicitate 'greenest' schools
- **E-certificate of participation** to all students and teachers

Individual Digital Certificates

HOW to participate in GSP Audit?

GSP
registration
& login

Need help? Email: support@greenschoolsprogramme.org

AIR

- Window-to-floor ratio of classrooms
- Vehicle ownership and fuel-use pattern
- Commuting practices adopted by school

ENERGY

- Different sources of energy used by school
- Total energy consumed by school
- Renewable sources: Usage, maintenance and output

FOOD

- Food served in school premises
- Food habits promoted by school
- Tracking physical growth of students

LAND

- Total site area, land management and green cover
- Green cover
- Plant and animal species in school
- Vertical gardens, pesticide usage

WATER

- Water sources and total consumption
- Water conservation practices; rainwater harvesting
- Sanitation practices in school

WASTE

- Waste generation & segregation as bulk generators
- Total waste recycled or treated
- School policy and practices for waste management

Points to remember

- Download audit questions PDF after logging in
- To change any details, write to support@greenschoolsprogramme.org
- Go back to any section to edit data (BEFORE SUBMISSION)
- Check section descriptions and tooltips
- Completion tracker: 95% completion after all data is filled
- File upload button in each section
- No changes possible and login locked after submission
- Not leaving any important field blank or providing zero
- Starting on time — no last-minute submissions, please.

GSP Audit Teams

- Teams to be made section-wise
- Different supervising teacher and students for every team wherever feasible
- The team should ideally involve different students every year
- Apart from teachers and students, members of admin to also be a part of the team
 - Canteen staff in Food team
 - Gardener in Land team

GSP Awards: Felicitating the schools

- **GSP Changemakers:** Orange to green and yellow to green
- **GSP Sterling schools:** Rated green 5 or more consecutive years in a row
- **Best in each section:** Air, Energy, Food, Land, Water, Waste
- **Best Newcomer**
- **GSP Ambassadors**
- **GSP Best state & district**
