

**ONLINE TRAINING ON**

# **Understanding Environmental Laws for Better Environmental Management**

**Course date:** November 15 - 24, 2022 | **Course fees:** INR 2500  
**Last date to apply:** November 12, 2022

India has a comprehensive system of regulations to protect its natural environment and the health of its people. From the enactment of Water Act in 1974, a number of laws and regulations have been put into force in this regard. However, the intended purposes of these laws are far from being fulfilled due to various reasons. One of the issues which stems out is a holistic understanding of the different laws and how they should be looked into in a concerted manner for better environmental management.

Considering the need to fill the gaps, Centre for Science and Environment, is organizing a 10 days online training course on "Understanding Environmental law for improving environmental management".

## **Course Objective:**

This 10 days online course has been designed to capacitate the people working in the field of environment and the prospective environmentalist with an objective to develop a better understanding and knowledge of the laws and their interrelationship. This course will also be beneficial for students as well who aspire to develop their carrier in environment field.

The course will be conducted through **technological learning tools such as presentations, videos, discussion with experts and reading material.**
