In view of abatement of river pollution, decentralised approach of managing wastewater is emerging as an effective solution that works on the principle of devolving level of the application so that wastewater can be treated at affordable costs, cutting the cost of pumping long distances and promoting local reuse of treated wastewater.

Centre for Science and Environment (CSE) is organizing a webinar on “Decentralised Nature Based Wastewater Treatment Solutions for Improved River Health”. This webinar is a part of series of activities envisaged under newly launched 3-year duration CSE programme – ‘Capacity building initiative focusing on ‘Making Ganga basin cities water sensitive’.

**AIM**
To build the knowledge about concepts and potential of decentralised wastewater treatment including local reuse of treated wastewater.

**TARGET AUDIENCE**
- Central / State / Municipal functionaries, Planners, Engineers, Architects working in Town & Country Planning / Municipal Administration Department, State Urban Development Authorities, Jal Nigam, Water and Sewarage Boards etc.
- Officials dealing with schemes/missions like - AMRUT, Smart Cities Mission, Jal Jeevan Mission (Urban), Swachh Bharat Mission (U), Atal Bhujal Yojana, Namami Gange etc.
- Technology providers, consultants, researchers, academicians and NGO’s promoting sustainable water management.

**MODERATOR**
Suresh Kumar Rohilla
Senior Director, CSE

**SPEAKER**
Ashok Kumar Singh, IAS, Executive Director (Projects), NMCG

Ravinder Kaur
Principal Scientist, IARI

Eli Cohen
Founder & CEO, Ayala Water & Ecology

**WEBINAR ON**
DECENTRALISED NATURE BASED WASTEWATER TREATMENT SOLUTIONS FOR IMPROVED RIVER HEALTH

**Date:** October 21st, 2021 | **Time:** 3:00-4:30PM (IST) | **Venue:** Online | **Language:** English

**KEY CONTACTS**

**Webinar Coordinator**
SUMITA SINGHAL
Programme Manager, Water Programme, CSE
Email: sumita.singhal@cseindia.org
Phone: +91 8884646146

**Webinar Director**
SURESH KUMAR ROHILLA
Senior Director & Academic Director School of Water and Waste, AAETI (CSE)
