

WORKSHOP

NON-HAZARDOUS INDUSTRIAL WASTE MANAGEMENT

Date: 24 July 2025 | Venue: Conference Room, BMA, Bhiwadi

The Centre for Science and Environment (CSE) and the Rajasthan State Pollution Control Board (RSPCB) are jointly conducting a Workshop on Non-Hazardous Industrial Waste Management on 24 July 2025 in Bhiwadi. The workshop aimed to understand the challenges and opportunities in non-hazardous waste management, share good practices of industrial sectors and way forward. The workshop will cover topics such as waste assessment in industrial areas, tools for inventorization, taxation mechanisms, and ground-level regulatory experiences. The workshop offers a valuable platform for knowledge sharing and practical learning on sustainable industrial waste management.

Who can attend

Industrial association and Industries.
