

CSE AT THE LUCKNOW BOOK FAIR 2018

April 27-May 6, 2018

Climate Change. Food and Toxins. Drought. Health and Environment. Pollution Control. Water and Wastewater, State of India's Environment reports, Down To Earth magazine... some of the most comprehensive books and magazines on environment and development, from India's foremost think-tank working on these subjects.

For the first time, Centre for Science and Environment (CSE), the New Delhi-based civil society body, will be bringing its complete range of publications to Lucknow. Step into the Lucknow Book Fair 2018, seek us out, and avail of special discounts.
