

Some reflections on Sanitation coverage in Ethiopia

Dr Jane Bevan, Rural
WASH Manager, UNICEF
Ethiopia

June 2020

Country status of improved sanitation (Basic-SDG)

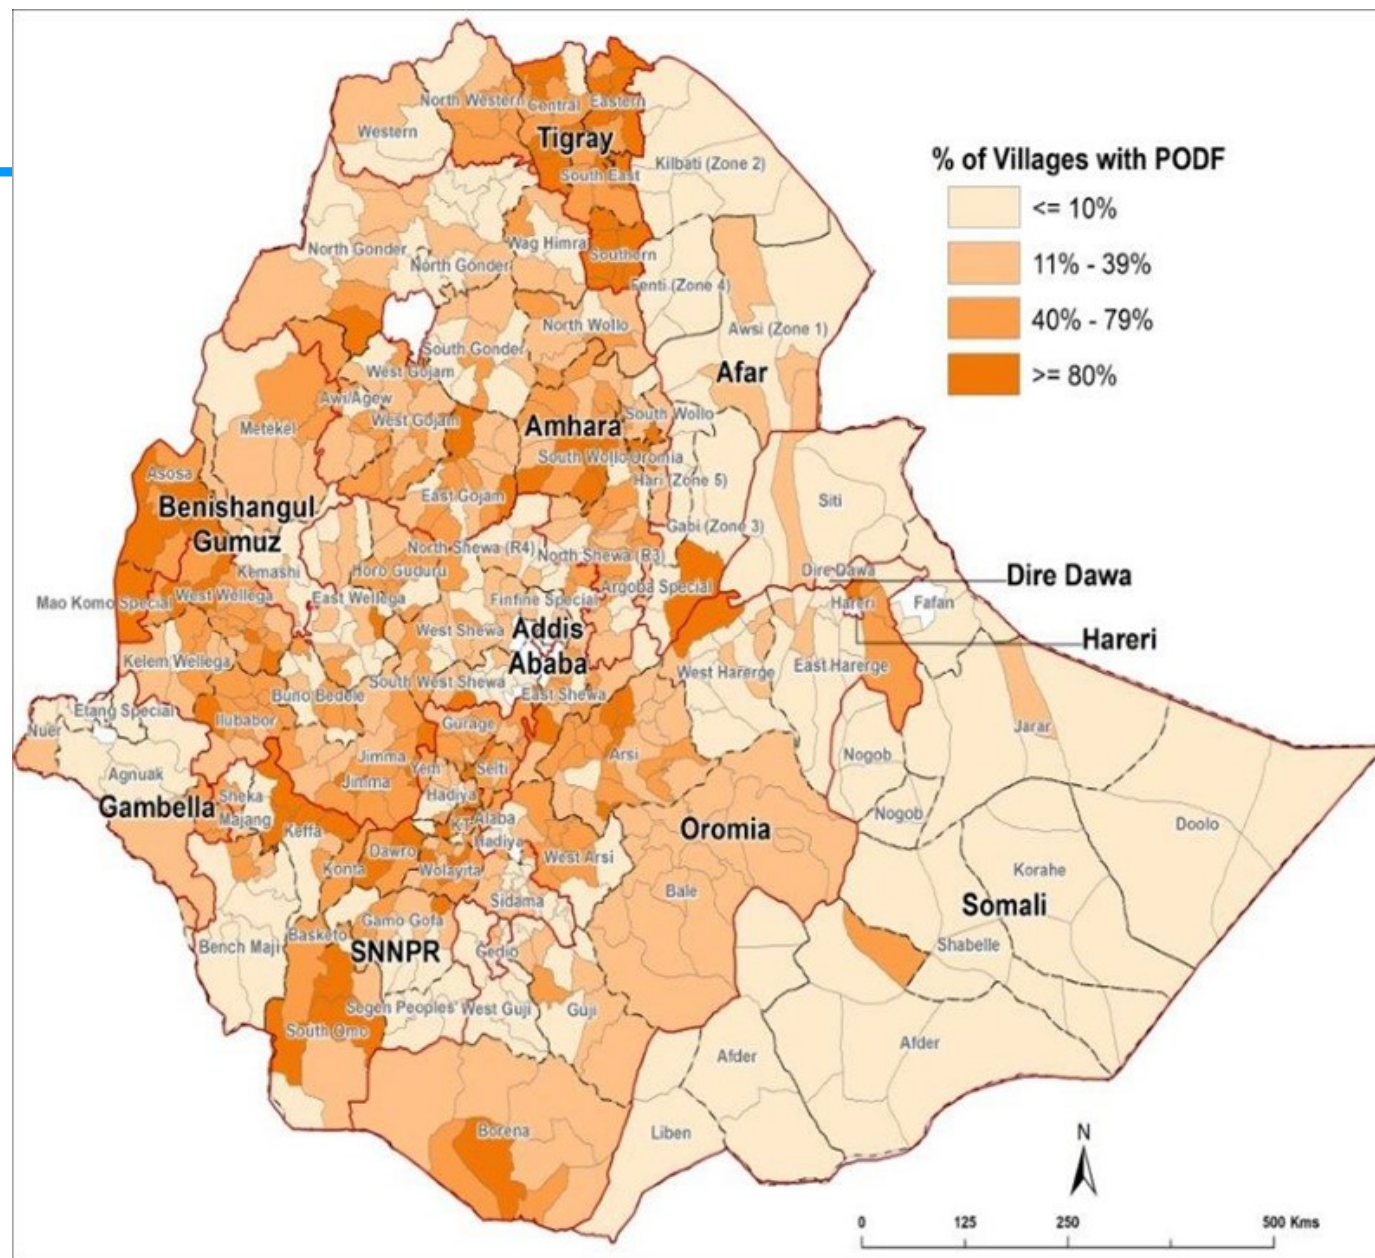

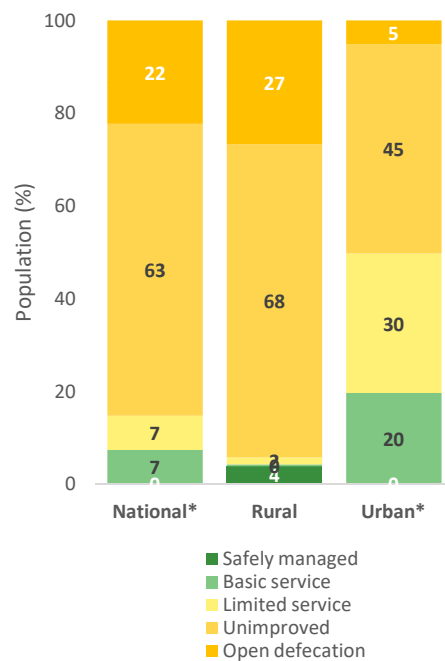

Source : JMP 2017

Ethiopia
has the
lowest level
of basic
sanitation

Ethiopia

Community Sanitation Coverage

MSc programme in Irrigation Engineering & Management

National ODF Campaign

The **Tsedu** or 'Clean' Ethiopia Campaign is due to be launched this year, modelled on Swachh Bharat, with:

- High level political leadership
- A strong focus on behaviour change
- Demand creation for incremental improvements
- Working with private sector
- An emphasis on FSM
- Real time monitoring

Sanitation
behaviour
change is a
***gradual
process of
improvement*** at
a pace culturally
appropriate for
the community
