AMR containment in Zimbabwe: Animal Health

DR CANAAN TINASHE HODOBO
Ministry of Lands, Agriculture, Irrigation and Rural Resettlement
Department of Veterinary Services
Central Veterinary Laboratory
Zimbabwe

Media Workshop on Antimicrobial Resistance (AMR). Jointly hosted by the Ministry of Health and Child Care (MoHCC), Zimbabwe, the National Association of Freelance Journalists (NAFJ) and the Centre for Science and Environment (CSE), August 27-28, 2020.
ONE HEALTH APPROACH
ONE HEALTH APPROACH

1. Collaborative
2. Multisectoral
3. Transdisciplinary

Working at the:

1. Local
2. Regional
3. National
4. Global levels

With the goal of achieving optimal health outcomes recognizing the interconnection between

1. People
2. Animals
3. Plants
4. And their shared environment.
ANTIMICROBIAL RESISTANCE
SUMMARY OF SUPPORT TO AMR IN ZIMBABWE

1. AMR IN THE DIPA (2018)
2. AMR TRIPARTITE MISSION (2019)
3. FAO-FLEMING (ACTIVE)
4. WHO-FLEMING (ACTIVE)
5. MOTT MACDONALD (2020)
Assessment of the National Antimicrobial Resistance Surveillance in the food and agriculture sectors in Zimbabwe

Mission Report

Understanding the contexts of antimicrobial use and antimicrobial resistance in broiler production systems: A Knowledge, Attitudes, and Practices study in six districts in northern Zimbabwe.

Towards a bottom-up understanding of antimicrobial use and resistance on the farm: A knowledge, attitudes, and practices survey across livestock systems in five African countries
